Location : HONFLEUR

Located 10 km away from Deauville and 5 km from the center of Honfleur, exceptional property both for its geographical location and the unrivalled charm of its architecture and its park.

The manor of about 1000 m^2, clab in wood, slate and brick in pure Norman tradition, distributes 18 rooms spread over 3 levels.

The property is completed with an outbuilding of about 500 m^2 and a caretaker house of 170 m^2.

The set offers sea and country views.

Designed by the famous English landscape designer Russell Page, 9 hectare park was designed as an extension of the manor and combines circulations cut into a parterre with romantic atmospheres, lined with water, flowers and trees.

The unspoilt environment has been improved with a tennis court and a swimming pool with pool house.

It all makes a rare property for sale.
